MM Docket No. _____
RM- _____

To: Chief. Allocations Branch, Mass Media Bureau

PETITION FOR RULEMAKING

Skyway Broadcasting Company, Inc. ("Skyway"), licensee of Station WJZA, Channel 278A, Lancaster, Ohio, herein petitions to (a) reallocate Channel **278A** from Lancaster, Ohio, to Pickerington, Ohio and (b) modify the WJZA license to specify operation on Channel 278A at Pickerington. In support of this petition, the following is stated:

A. Background

Skyway's proposal would result in a significant improvement in the facilities of WJZA and greater service to the public. Pickerington, an incorporated community with a population of 9,792,¹

¹ All population figures, unless otherwise noted, are from the 2000 Census

044
MB-FV
03-53

would receive its first local broadcast transmission service. Lancaster, an incorporated community with a population of 35,335, would still have three local transmission services².

In order for an existing FM station to change its community of license without affording other interested parties an opportunity to file competing expressions of interest, the proposed channel must be mutually exclusive with the existing channel. *Modification of FM and TV Authorizations to Specify a New Community of License ("Community of License")*, 4 FCC Rcd 4870 (1989), *recon. granted in part*, 5 FCC Rcd 7094 (1990). Moreover, the new community must be preferred over the existing community under the Commission's allotment priorities. *Id.*

The attached Engineering Exhibit prepared by Bromo Communications, Inc. (Exhibit **A**) demonstrates the proposed allotment of Channel 278A at Pickerington is mutually exclusive with the current WJZA allotment at Lancaster.³

B. Adoption of Skyway's Proposal Would Result in a Preferential Arrangement of Allotments

Under the proposed arrangement, Pickerington will receive its first local service, while Lancaster will continue to have three licensed transmission services. The proposed Pickerington allotment, therefore, will serve Priority 3, as outlined in *Revision of FM Assignment Policies and Procedures*, 10 FCC 2d 88 (1982). In contrast, retention of WJZA at Lancaster would serve only

² WFCO (Channel 215A), WHOK (Channel 2388) and WLOH (1320 kHz)

³ The Engineering Exhibit uses the coordinates 39-56-39 NL and 82-41-14 WL as the proposed reference point.

Priority 4. **As** set forth in the attached Engineering Statement, the present 60 dbu contour of WJZA encompasses an area of 2,526 sq. km. with a population of 480,223. The proposed new facility will encompass an area of 2,516 sq. **km.** with a population of 760,210.⁴ Thus, if Skyway's proposal is adopted, the population served by WJZA would increase 58.3%. The area within the present WJZA 60 dbu contour will continue to be well-served. The attached Engineering Exhibit confirms that a minimum of nine commercial AM and FM services would remain available. *See Exhibit A.*

Pickerington is located beyond the Columbus, Ohio Urbanized Area. Only 12% of the Urbanized Area would be within the 70 dbu contour of WJZA operating from the proposed reference point.' *See Exhibit A, p. I & City Grade Contour Figure.* Nonetheless, given the Commission's concern with the potential migration of stations from under-served rural areas to well-served urban areas, Skyway herein demonstrates, using the familiar *Tuck* criteria,⁶ that Pickerington is an independent community, well-deserving of its first local broadcast service.

⁴ An area of 611 square kilometers, with a population 22,392, presently within the WJZA 60 dBu contour would no longer receive primary service from the station. On balance, the loss of service is more than offset by the fact 302,379 persons in a 601 square kilometer area will gain service from WJZA. *See, e.g., Woodville and Wells, Texas*, 16FCC Rcd 3067 (Chief, Allocations Branch 2001).

⁵ *See Hunstville, Texas*, DA 01-2627, ¶ 5 (Chief, Allocations Branch, November 9, 2001) (where city-grade contour of relocated station would cover only 17% of urbanized area, *Tuck* showing not necessary even though proposed community of license is located within urbanized area).

⁶ *Faye and Richard Tuck*, 3 FCC Rcd 5374 (1988)

C. A *Tuck* Analysis Supports Adoption of Skyway's Proposal

Under *Tuck*, the Commission considers (a) the degree to which the station would provide coverage not only to the designated community of license but to the nearby metropolis; (b) the size and proximity of the designated community vis-a-vis the central city and (c) the degree to which the proposed community is independent from the central city.

With respect to the first factor, as noted previously, the station's 70 dbu contour would encompass only **12%** of the Columbus, Ohio Urbanized Area from the reference point proposed. The Commission on numerous occasions has approved reallocation proposals involving substantially greater **70 dbu** coverage of a nearby urbanized area. *E.g., Anniston, Alabama*, **16** FCC Rcd 3411 (Chief, Allocations Branch **2001**) (45% of urbanized area); *recon. denied*, **2001** FCC Lexis **6065** (Coinm., released November **8, 2001**) *Orcutt, Arizona*, 14 FCC Rcd 13547 (Chief, Allocations Branch **1999**) (90% of urbanized area); *Mullins, Ohio*, 14 FCC Rcd **10516** (Chief, Allocations Branch **1999**) (67% of urbanized area).

With respect to the second factor, Pickerington's population (9,792) is 1.4% of the population of the central city, Columbus (711,470). This percentage is larger than that approved in other cases. *E.g., Ada, Oklahoma*, 11 FCC Rcd **16869** (Chief, Allocations Branch **1996**) (**0.9%**). Furthermore, the community reference point for Pickerington is more than **26.6** kilometers from the community reference point for Columbus. *See Exhibit A.*

With respect to the third factor, the information Skyway presents herein clearly demonstrates Pickerington's status as an independent community. In considering whether an outlying community is independent of a central city in the vicinity, the Commission considers eight sub-factors:

1. the extent to which community residents work in the larger metropolitan area, rather than the specified community;
2. whether the smaller community has its own newspaper or other media that cover the community's local needs and interests;
3. whether community leaders and residents perceive the specified community as being an integral part of, or separate from, the larger metropolitan area;
4. whether the specified community has its own local government and elected officials;
5. whether the smaller community has its own zip code and/or telephone book provided by the local telephone company;
6. whether the community has its own commercial establishments, health facilities, and transportation systems;

7. the extent to which the specified community and the central city are part of the same advertising market; and
8. the extent to which the specified community relies on the larger metropolitan area for various municipal services such as police, fire protection, schools and libraries.

The Commission considers a community independent when a majority of these factors demonstrate that the community is distinct from the urbanized area. *Parker and St. Joe, Florida*, 11 FCC Rcd 1095 (Chief, Allocations Branch 1996); *Jupiter and Hobe Sound, Florida*, 12 FCC Rcd 3570 (Chief, Allocations Branch 1997). Here, nearly all of these factors demonstrate Pickerington's independence from Columbia.

1. Abundant Employment Opportunities are Available in Pickerington.

The Greater Pickerington Chamber of Commerce boasts more than 350 members. *See* Exhibit B. Dozens upon dozens of businesses are located in Pickerington. *Id.* **As** such, numerous employment opportunities exist in Pickerington for its residents.

2. Pickerington Has its Own Newspapers and Other Media Outlets.

The Pickerington Times-Sun and This Week-Pickerington, weekly newspapers, serve Pickerington. The newspapers carry Pickerington news of local events and advertising for

Pickerington businesses. See Exhibit C. *The Southeast Messenger*, another weekly newspaper, also includes news of the area and advertising for businesses in Pickerington and nearby small communities. Id.

Additionally, several Internet web sites regarding Pickerington are available, including sites operated by the Pickerington Chamber of Commerce and the municipal government. A sampling of the Pickerington web sites includes: www.ci.Pickerington.oh.us.com; www.Pickeringtonchamber.com; www.iwaynet.net (Pickerington Lady Tigers); www.pickerington.lib.oh.us (Pickerington Public Library); www.pasasoccer.org (Pickerington Area Soccer Association); and www.osuweb.net boosters (Pickerington Music Boosters).

3. Pickerington's Residents Consider Their Long-Established Community to be Separate from Columbus

Pickerington has a long history and a well-established identity separate from that of Columbus. The first settlers arrived in the attractive, growing community that is now Pickerington in 1808, and in 1815, Abraham Pickering laid out the original plat of Pickerington. Growth and prosperity burst into Pickerington in 1965, changing the then village to a major city. The state of Ohio certified Pickerington as a city in 1991. See Exhibit D.

One manifestation of Pickerington's pride and civic minded population is the efforts of two Pickerington women: Jill Ann Sparks and Karen Wingler. Wingler and Sparks, participants in a local LEADS class, prepared a project to get Pickerington designated as the official "Violet Capital". The LEADS program is sponsored by the Pickerington area Chamber of Commerce and is a

leadership development program. After extensive research and effort, Sparks' and Wingler's work paid off with the Ohio Legislators adopting a resolution in June, 1995, honoring the City with the official designation. In adopting the resolution, the Ohio House of Representatives noted that Pickerington has long enjoyed the fruits of the "generous and civic minded population" of which Sparks' and Wingler's efforts are an example. *Id.*

Pickerington celebrates its status as the Violet Capital of Ohio with the annual Violet Festival. This four to five day festival in July features family entertainment with a focus on violets. *See Exhibit E, p. 11.*

Pickerington's status as a community separate from Columbus is further highlighted by the vigorous efforts of Pickerington Chamber of Commerce to promote the community. Among several other functions, the Chamber operates a Member Referral Service, publishes a Business Directory and produces brochures and leaflets regarding Pickerington's attributes and culture. *Id.* at 9. As previously noted, the Chamber also maintains a website to provide information regarding facilities and services available in Pickerington.

4. Pickerington Has its Own Local Government and Elected Officials.

Pickerington is governed by a seven-member City Council and a mayor, all elected by popular vote. A City Manager runs the day-to-day operations of its city. Among other town officials are the Director of Finance, the Clerk/Treasurer, the Director of the City, the Director of Parks and Recreation, the Utilities Billing Clerk, the Public Administrator, the Tax Administrator, the Building

Inspector, the Law Director, the Planning and Zoning Director, the Clerk of Mayor's Court, the Chief of Police, and the Municipal Clerk. *See* Exhibit F (excerpts from the City of Pickerington's web site).

5. Pickerington Has its Own Zip Code and Telephone Book.

Pickerington has its own zip code, 43147. *See* Exhibit C (print-out from U.S. Postal Service website). It also has its own Telephone Directory. *See* Exhibit H

6. Pickerineton Has Numerous Commercial Establishments and Other Facilities.

A long list of businesses are located in Pickerington. As noted above, the Pickenngton Chamher of Commerce lists more than 350 members. Indicative of Pickerington's status as an independent community is the fact more than a score of businesses use Pickerington in their names:

AAA Pickerington Auto Club
 Pickerington Area Counseling Services
 Pickerington Dance Academy
 Pickerington Chiropractic Center
 Pickerington Collision
 Pickerington Family Practice
 Pickerington Heating and Cooling
 Pickerington Icc House.
 Pickerington Insurance
 Pickenngton License Agency
 Pickerington Pharmacy
 Pickerington Run Family Heallh
 Pickerington Sweeper Repair
 Pickerington Nursing and Rehab Center
 Pickerington Health Care

Pickerington Eye Care, Inc.
 Rehabilitative Associates of Pickerington
 The Berber House Pickerington Carpet Outlet

See Exhibit B

Medical services are also available in Pickerington. These include a dialysis center, a nursing and rehabilitation center and an ambulatory care center. *See Exhibit B.* Additionally, the Yahoo Yellow Pages has 78 listings for doctors and clinics of various specialties and 50 listings for dentists located in Pickerington. *See Exhibit I*

Pickerington also is the home of many churches. *See Exhibit J (Pickerington Area Church Directory, from the Pickerington Chamber of Commerce).*

Various civic organizations are located in Pickerington to include Senior Citizens Center, an active Welcome Wagon, Lions, Grange, Septoma and Jaycees, Historical Society and Downtown Merchants Association. *See Exhibit D.*

7. Businesses Can Advertise Directly to Pickerington Residents.

Businesses interested in advertising to the residents of Pickerington can do so through *The Pickerington Times-Sun*, ***This Week - Pickerington*** and the *Southeast Messenger*, as well as via commercial web sites or through listings in, among others, the Pickerington Chamber of Commerce web site.

8. Pickerington Provides Most of its Own Municipal Services.

Pickerington provides its own police services. The Pickerington Police Department operates with a staff of over 30 full-time employees, 5 patrol vehicles and 25 sworn personnel, including patrol officers, detectives, auxiliary officers and administrative staff. The department offers a crime prevention program, a school liaison officer, vacation check services, and Drug Abuse Resistance Education ("DARE"). *See* Exhibit E and K. Fire protection is provided by the Township Fire Department, which has 28 full-time staff and 2 fire stations in Pickerington. *Id.*

Pickerington's schools are part of the Pickerington Local School District headquartered in Pickerington, Ohio. The District annually posts some of the highest test scores in Ohio. Schools in Pickerington include 4 elementary schools, a middle school, a junior high school and Pickerington High School. *See* Exhibits E and K. Numerous Day Care Centers and Preschools are available to city residents. *See* Exhibit L. Ohio University has a Pickerington Center to offer Pickerington area residents College level courses. *See* Exhibit E.

Pickerington provides its own water and sewerage services. *See* Exhibit K. The city also maintains its transportation system to include snow and ice removal, street maintenance and storm water drainage systems. *Id.*

The Pickerington Public Library is located on the campus of Pickerington High School. *See* Exhibit D.

Pickerington's Parks and Recreation Department maintains parks and provides recreational programs and events. It controls 91 acres of park land in six parks. *See Exhibits D and K.*

C. Conclusion

The material presented herewith demonstrates that Pickerington is a vibrant, independent community. The proposal to relocate WJZA to Pickerington is in the public interest. The population to be served will increase more than 58%. The community of Pickerington will receive its first local broadcast service and, significantly, WJZA's present community of license, Lancaster, will continue to be well served by three stations. Moreover, area and population within the present WJZA primary contour will continue to be well served.

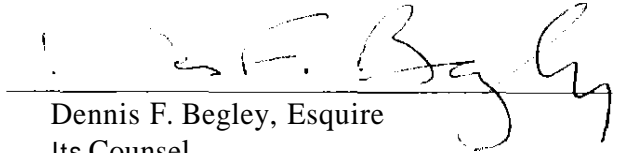

WHEREFORE, IN LIGHT OF ALL CIRCUMSTANCES PRESENT, It is respectfully requested that a Notice of Proposed Rulemaking be issued proposing that the FM Table of Allotments, Section 73.202(b) of the Commission's Rules, be amended as follows:

<u>Community</u>	<u>Present Channel No.</u>	<u>Proposed Channel No.</u>
Pickerington, SC	—	278A
Lancaster, SC	238B, 278A	238B

Furthermore, the license of WJZA should be modified to specify operation on Channel 278A at Pickerington, Ohio. Upon the grant of the modifications requested herein, Skyway will file an

application to modify WJZA's facilities to serve Pickerington and, upon grant, expeditiously construct the facilities.

PETITION FOR RULE MAKING
Assign Channel 278A to Pickerington, Ohio
Delete Channel 278A from Lancaster, Ohio
Order WJZA to the New Community of License
April 2003

This Technical Exhibit supports the Petition for Rule Making to assign Channel 278A to Pickerington, Ohio as that community's first local service. It is proposed to delete Channel 278A from Lancaster, Ohio.¹ The city of Pickerington, Ohio has a population of 9,792 and Lancaster, Ohio has a population of 35,335 according to the 2000 **US** Census. From the proposed reference point² all FM spacing per §73.207 of the Commission's Rules are met. Additionally, a station operating with maximum Class **A** facilities will provide the entire community of Pickerington with a 70 dBu or greater service

The proposed allocation of Channel 278A at Pickerington, Ohio is mutually exclusive to the current allocation of Channel 278A at Lancaster, Ohio.

Pickerington, Ohio is outside of the Urbanized Area. As shown on the Columbus, OH Urbanized Area Map, the 70 dBu contour of the proposed WJZA facility covers 12% of the Urbanized Area. The proposed allotment location is 26.6 kilometers from the community reference point for Columbus, Ohio. The population for Columbus is **711,478** according to the 2000 U.S. Census.

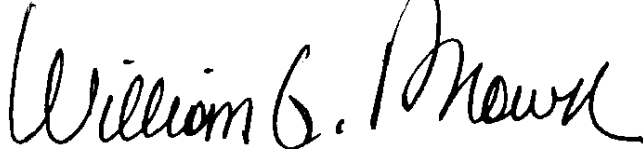

The licensed WJZA 60 dBu contour serves a total of 480,223 persons and an area of 2,526 sq. km. The proposed WJZA 60 dBu contour will serve a total of 760,210 persons and an area of 2,516 sq. km.

¹ Lancaster will continue to receive local service from WFCO, Channel 215A, **Class C**, Channel 238 and **Class B**, 1320 kHz
² Proposed reference point North Latitude 39° 56' 39", West Longitude 82° 41' 14".

The Gain/Loss Study map shows that from the reference coordinates the 60 dBu (Primary) contour has a population gain of 302,379 persons and an area gain of 601 sq. km. The population **loss** is 22,392 persons and area **loss** is 611 sq. km. The difference between the population gain and loss is a gain of 279,987 persons. **All** population figures were calculated using the 2000 U.S. Census.

The exhibit entitled "Primary Services to Loss Area" shows there are a total of 9 (8AM and 1 FM) stations providing 100% coverage to the loss area. Therefore, the loss area remains adequately served.
